# Welcome!

**R**esurrection is such a sweet concept. It's never bound by schedules and deadlines, never ruled by power-brokers and hidden agenda. It just happens when it happens, often taking off like a force on its own.

Earlier this year, having a fourth installment of *The Girls of FHM* sure looked like an experiment as doomed as Larry Brown's coaching stint in New York. Our first-ever February issue was the priority then. And it would have meant a dreary Christmas for all of us had we put two gigs to bed in December, deadline month of all February releases here. Dutiful soldiers that we have always been, truth was, we truly needed a rest.

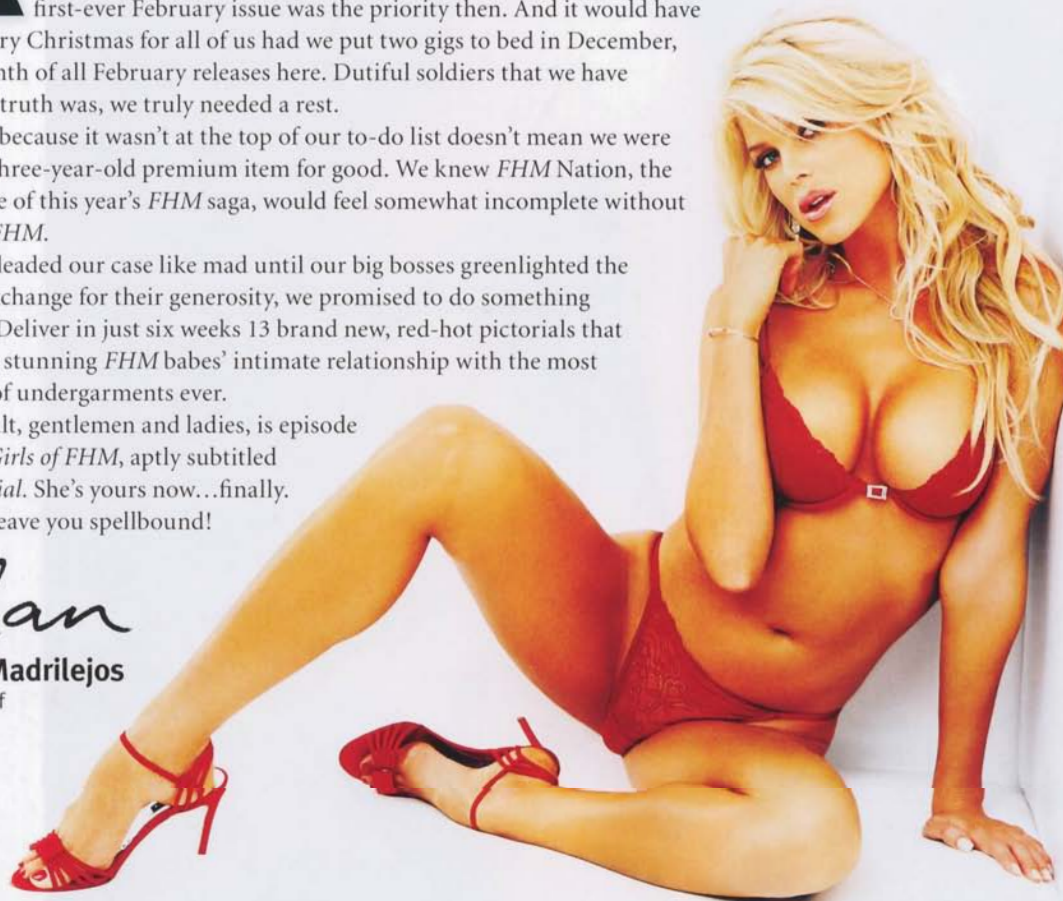

But just because it wasn't at the top of our to-do list doesn't mean we were retiring the three-year-old premium item for good. We knew *FHM* Nation, the central theme of this year's *FHM* saga, would feel somewhat incomplete without *The Girls of FHM*.

So we pleaded our case like mad until our big bosses greenlighted the project. In exchange for their generosity, we promised to do something spectacular: Deliver in just six weeks 13 brand new, red-hot pictorials that celebrate our stunning *FHM* babes' intimate relationship with the most provocative of undergarments ever.

The result, gentlemen and ladies, is episode four of *The Girls of FHM*, aptly subtitled *Lingerie Special*. She's yours now...finally. All ready to leave you spellbound!

As *FHM*'s sex guru, she has saved a good many relationships. Perhaps you should try her many adventurous suggestions as well

**Were you really gonna stop with the sexiness and go tame?**

Yeah, I won't do sexy videos anymore. It was conflicting to think I'm hosting a very wholesome show and next thing you know, they go to sidewalks or video stores and see me in a video with practically nothing on, *siguro yun lang*. Besides, some people say I don't really have to do it; I need to graduate from it. I have *FHM* as venue for my sexiness. Now I have radio, I do advice, still talking about sex but not on videos.

**In your radio gig, do you get unusual calls at night?**

I only started that gig, so not so much. It's still okay. The thing there is as long as I can handle it, that's fine with me.

**Well, are you afraid it could go out of hand?**

If the caller goes "I'm at blah blah floor. I can see you, what

you're wearing..." that would really freak me out. But you know what? I guess I'd say it would be amusing *pero yung mga* bragging about rape and pedophilia and necrophilia, that's weird. But that's also kind of amusing. I've never met anyone like that.

**Are Pinoy men still concerned with size?**

Yeah, until now.

**What advice can you give to those not exactly gifted in that area?**

That's okay. You have fingers. You have tongues, right? Use whatever you can!

**If you were a piece of lingerie, how would you like to be taken off?**

I don't want to be taken off. I wanna be worn while the action is there, right? You just put it on the side and that gives you a little bit of friction. Or if you're persistent with the question,

I wanna be torn. *Tapos* all the beads will scatter down, *para kang* thongs with pearls. Right? That's cool.

**Are you a big lingerie fan?**

I love lingerie. I love dressing up. I love stockings. Apart from whips, *kung pa-tweetums* night or something, stockings are awesome.

**We know you've had many sexual adventures, but is there any that you can't forget?**

I fooled around on a plane. Heavenly. That's a funny story—I was fooling around and everything and there's this guy there, beside me. And after, *wala lang, naka-lean ako sa boyfriend ko*. I put my bra in my pocket. And the guy beside me, he was leaning toward the windows. *Eh ang cloudy naman. Wala naman siyang nakikita dun. Yung bra ko pala, nakikita run. Ha ha ha! Kaya pala.*

**But have you done the deed on the aircraft?**

The thing there is, I remember, I consulted a lawyer. If you do it in one of the comfort rooms, it's okay. Or in first class, *kasi walang* indecent exposure. *Pero wag naman sa economy. Ang jologs nun! Eh madalas economy ako. Baka makulong dun, kasi public area yun. Siyempre I consulted a lawyer pa. Para naman may limit di ba? Anything considered a public place, you can get in trouble. Like parking lots, even if you're inside the car.*

**How about video taping?**

Yeah, it's fun. It's different. *Pero alam mo, amateur yun. Ako, I wanna have really good lights. Ha ha ha! Baka kasi hindi masyado maganda.*

# Bubbles Paraiso

Are you sweet? Newsflash: This, well, bubbly model and TV personality just realized she digs this quality in a man!

**You're becoming quite an FHM regular. We're honored to have you back.**

Well, you promised it's not going to be too skimpy a shoot. So why not? I must admit, I really didn't imagine myself posing for FHM before. But your efforts over the years to produce classy pictorials have been very obvious. Then, I have this TV show called *It's a Guy Thing*. I guess, my market really is for guys.

**How have you been since we saw you last?**

During my first two shoots, I was literally a "nene." I guess you could say that I'm more experienced now. *Tapos* before *wala pa akong nagiging* boyfriend. At least, I can say now that I've had one. I was caught off guard and I fell in love. But it did not work out. I've been single for a year.

**How were you able to stay pretty**

**and sane after the breakup?**

To me, it's a matter of living up to my name. I'm really an optimistic person, really bubbly and all. I always look on the bright side of things. I maintain a happy lifestyle and *kahit na naiinis na ako naka-smile pa rin ako*.

**So you didn't go through a binging-on-ice-cream phase?**

Well, I just focused on having *kikay* days—and enjoying them. Once a week, I go to the derma. I go boxing. I work out in the gym, where I refrain, by the way, from wearing makeup. I see girls there with makeup on, and it's so wrong! The pores will open and it would just cause pimples. I also go dancing with my friends at Embassy because it really helps to go out and dance.

**How long before you'll start dating again?**

Not right now. Maybe in a few months. I don't know. I'm happy

right now. But I'm open to the idea because I believe love usually comes when I'm not looking.

**Who would catch your attention, though, if you were looking?**

I want a guy who has a goal in life, a good sense of humor, a great personality, and is hardworking. I just found this out recently, too, that I really like guys who are very *malambing*. *Pag hindi malambing natu-turn-off ako*.

**How does it feel working with four guys on your show?**

It's super fun! It doesn't feel like work at all. On the set, we have a big plasma TV and a billiard table so it doesn't really feel like you're out there to grind it out. Then, every two hours there's food *pa!* I'm happy to be with four guys who are fun to be with. They're like my big brothers.

**Your sex appeal's oozing for this**

**shoot. How did you get to be this confident before the cam?**

Maybe it's innate in me. I used to be shy. I even had stage fright. But I realized that I had to be assertive in life or else people would just run me over. It came from there. I just knew that I had to stand up for myself. And I guess because of my job, I also became confident.

**So how soon can we expect your fourth FHM shoot?**

Again, it'll all depend on how skimpy the attire is. Bikinis are tolerable. I'll draw the line if it's very suggestive. But if we again can work on something really very classy, even if it's topless, I'll probably be okay with it.

She paints and is learning to cook.  
Imagine her doing that wearing these...

**What have you been up to since we saw you last?**

I went to Hong Kong to work for three months. Then I went to Singapore for two months. And then I came back for a vacation and I've been here ever since. I tell myself, this is an extended vacation. I was really planning on leaving the country again soon but at the moment, I'm too lazy. Plus I have other things pending here that I don't tell people about. When the time comes, you'll see. It's a surprise, ha ha ha!

**Been partying still?**

I try not to. I still go out but not as much. I think I'm just really lazy. Or maybe I'm just getting old. I think I'm mentally old. My brain's just tired, it's like I don't really have the capacity to go out

and socialize. I'm not in the mood anymore. Like, I don't really like drinking alcohol anymore. Ha ha ha! It's not fun, I get sick actually.

**Are you a big fan of lingerie?**

Yeah. I guess every woman is. But I haven't been lately. I guess I'm just too busy to be worrying about it. I was supposed to do lingerie shopping last Monday because Borgy demanded it. Ha ha ha! But we've both been so busy so it hasn't actually pushed through. Ha ha ha!

**How is your art thing coming along?**

It's part of the surprise. Ha ha! I plan to be here in the next three months and then maybe go back to Hong Kong, earn a little bit more money, and then enroll myself in culinary school.

**Oh, you're quite domesticated?**

No. It's hard because I'm a vegetarian. Well, not a full vegetarian—I still eat seafood, but I'm almost there. The thing is, restaurants don't really cater to vegetarians. Everything has pork or beef or chicken in it. So I got inspired to take up culinary school to hopefully one day be a chef and then open a vegetarian-friendly restaurant. But that's just a dream, for now.

**You're familiar with painting and all that art stuff—would you pose nude?**

Well, it depends on who's painting it. Maybe I'd really be able to decide if I wanted a nude painting of myself. I don't think I even want a nude painting of myself so it's hard for me to say.

**Why, do you still get conscious?**

Uhm, no. I don't get conscious. I mean you get over it. It's been how many years *na*.

**Does Borgy get protective of you? Like this is the second time you'll be gracing our pages.**

He's okay but he's concerned I might be wearing a thong. I mean underwear is fine but he's, like, "You're not wearing a thong, are you?" and I'm like, "I seriously doubt it." And he's, like, "Okay." And that was it. He knows that if I'm not comfortable about something I'll say it.

She has bowed out of modeling but she's doing this because we're her friends. She said so!

**What has happened since your last FHM appearance?**

Well, I stopped modeling since then. It's been almost two years. I'm thinking of doing something—I don't know if I want to take a different job like a flight attendant or go back to school. But if I do go back to school, I don't know which course *pa*. That's the reason I stopped: to know what I really want to do, to experience other things. *Baka run ko pa malaman kung ano talaga yung passion ko.*

**But does this appearance signal you're coming back?**

No, I do this for friends.

**Why, thank you!**

Special, *di ba?* Ha ha!

**Are you a big lingerie fan?**

It depends. *Bihira lang*, like if I go out on gimmicks or events. That's the only time I'll wear nice underwear.

**Since you mentioned gimmicks, we take it you have a high level of alcohol tolerance?**

Yeah, I'm a scotch drinker. On the rocks. It takes a lot of glasses to get me drunk. *Ang hirap na nga malasing eh, magastos.*

**So you've mellowed down?**

Yuck, is that what you call it? *Hindi, nag-smarten up lang.* I don't want to make the same mistakes as before.

**If you were a piece of lingerie, what kind would you be?**

I'd be the lacey type. *Para see-through!* You can see right through me. Ha ha ha! What

you see is what you get.

**Do you put attachments to your underwear?**

No. Sometimes I leave them as remembrance. Ha ha ha! *Hindi, biro lang.*

**Apart from lingerie, what else makes you feel sexy?**

When I get a nice tan, I feel super hot. I used to be a beach bum but I got skin problems from the sun. Every time I achieve something that I really want, feeling *ko* I'm so hot.

**And what's hot for guys?**

Guys who are just so confident. Like they really know what they are doing. *Parang buung-buo, alam mo yun? Lalaking-lalaki.* I'm not into boy-next-door types. I like a guy who's really in charge

of his life and he knows what he's doing and where he's going. That's sexy. That's so hot. *Kahit pangit siya* physically, but when you see him, how he works his life, how he does things, you can see he's in charge of everything.

**How would you like to be approached?**

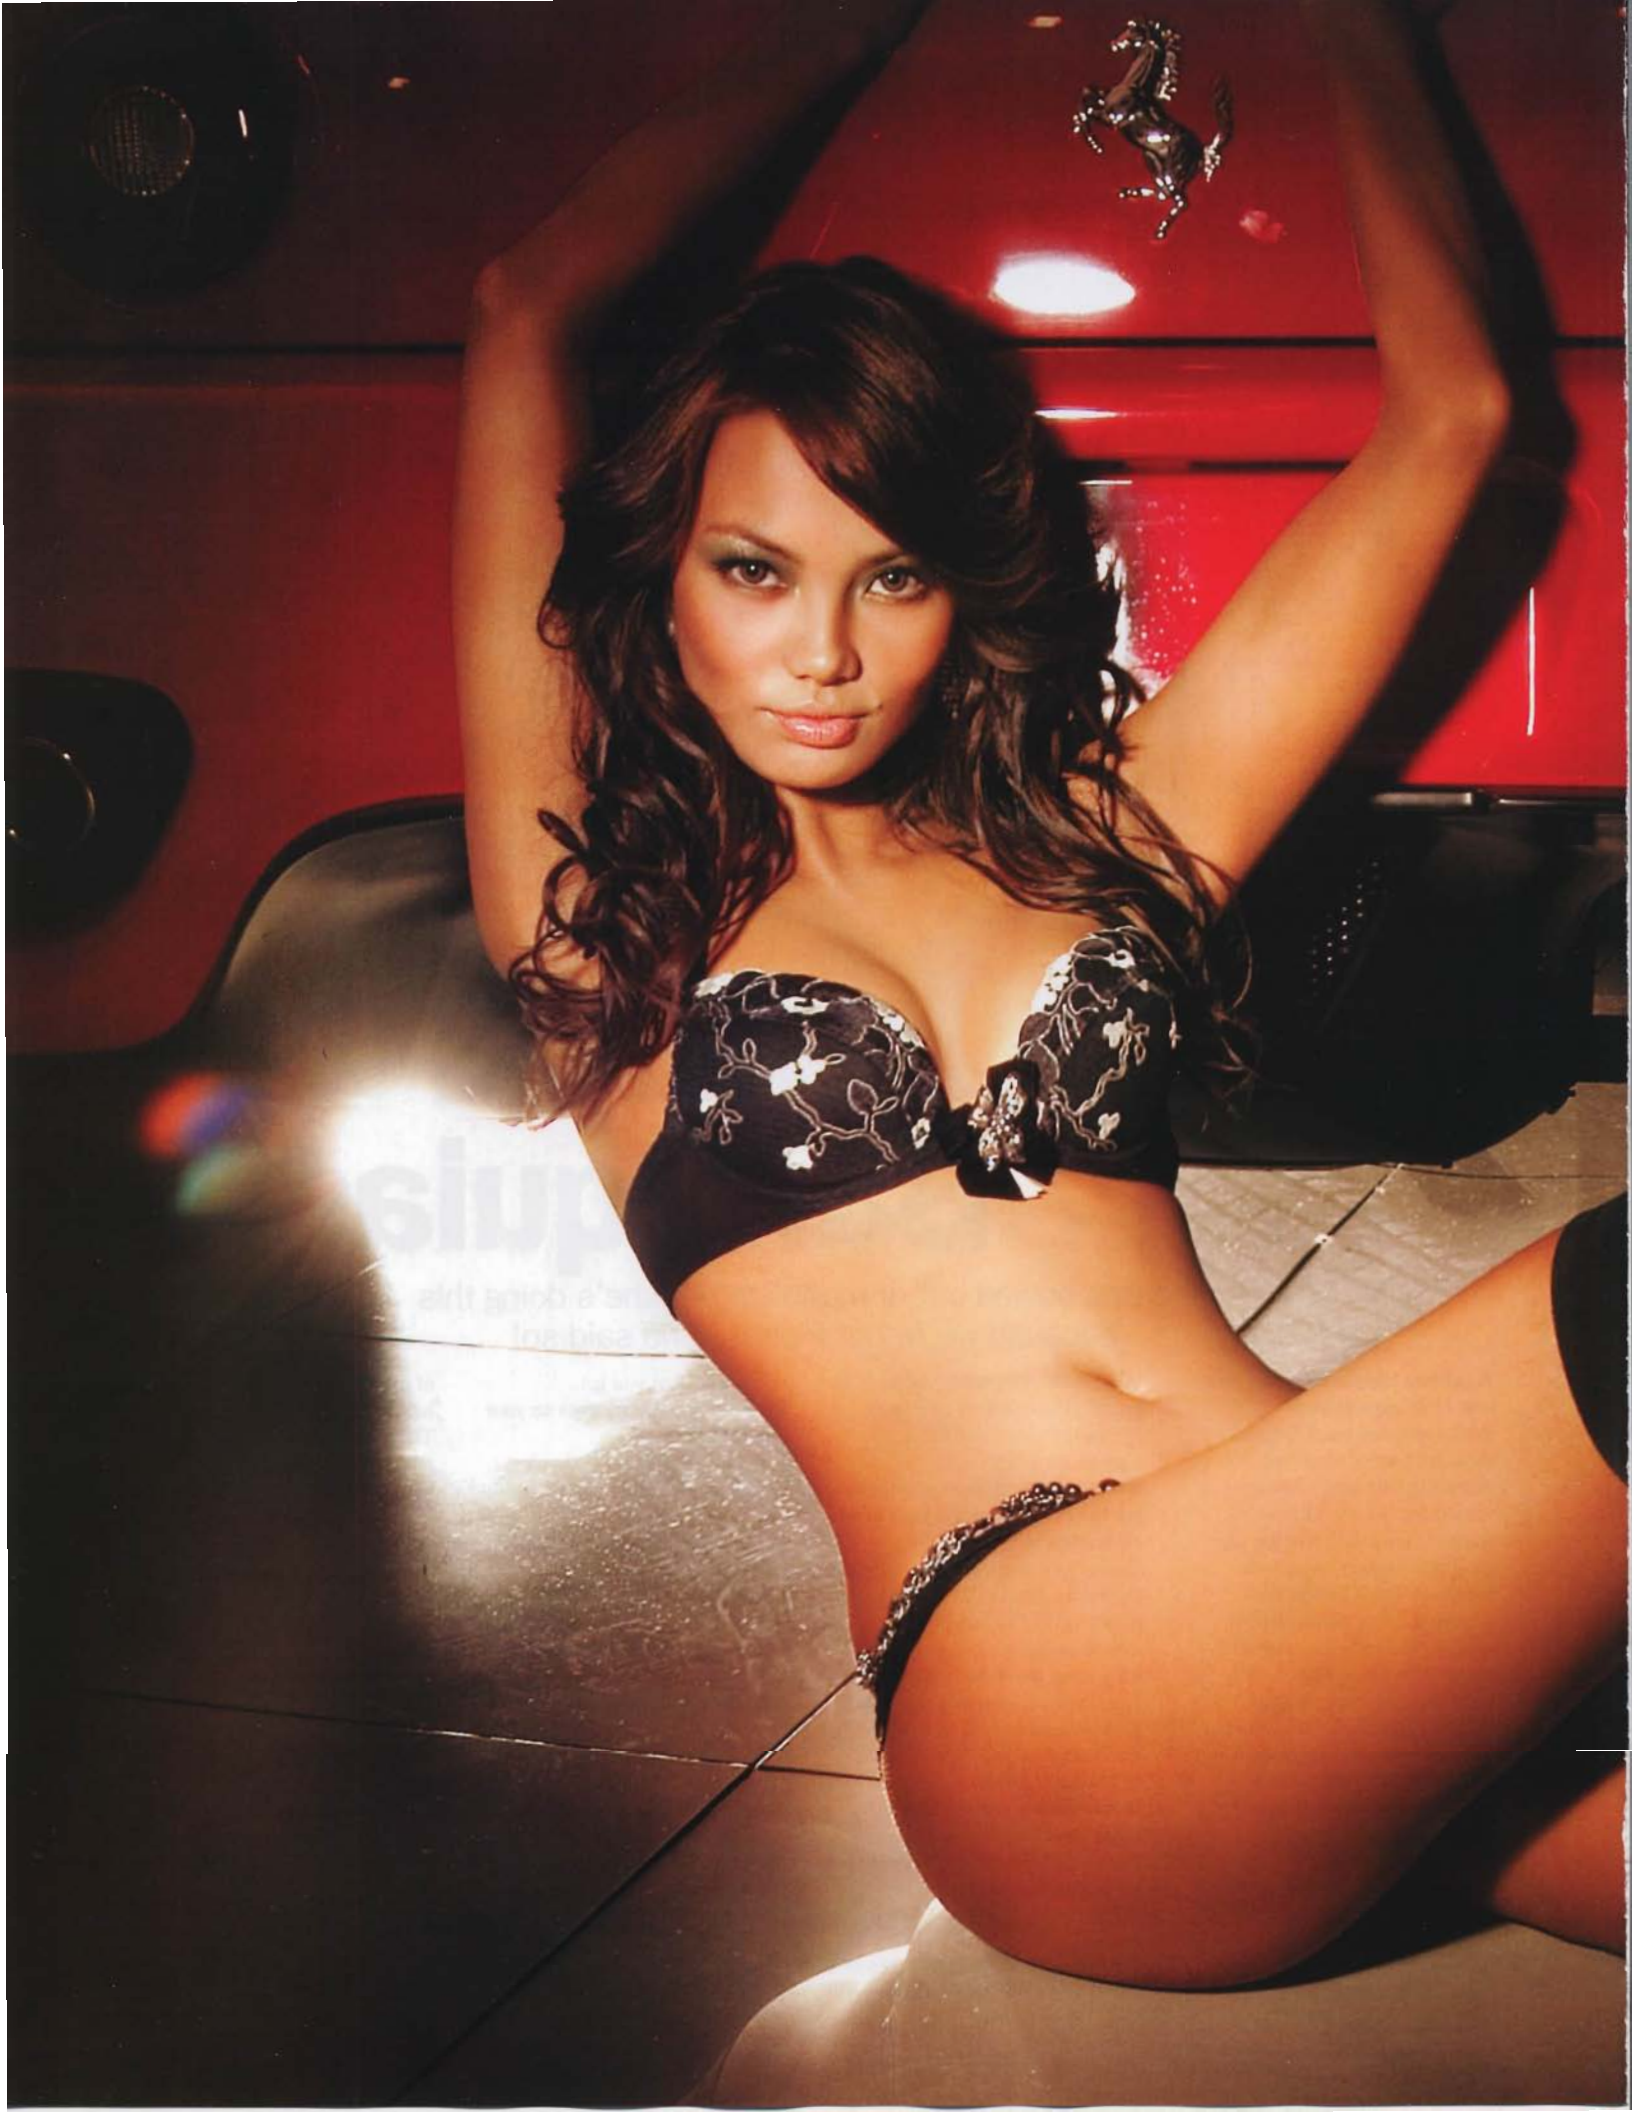

*Siyempre girl pa rin ako* so I like guys leading the way, *na parang gentleman talaga.* But, of course, I want to get to know him as a person, like really spend time with someone. I don't rush things.

She loves matching the color of her thong with the outfit she wears.  
Very OC, yes, but saucy just the same

**It has been four long years since you appeared in FHM. What has changed since then?**

I can say that I'm now more open-minded about a lot of things. Unlike before when I was fresh from the province, *balot na balot ako*. Back then I was trying to maintain a wholesome image so *hanggang* two-piece *lang talaga ang kaya kong isuot* for FHM shoots. But now I'm in a thong, *may topless pa*. Ha ha ha! I'm happy with the outcome, though.

**So are you chucking your wholesome image now?**

My problem before was that my family really didn't approve of sexy pictorials *kahit na* they knew I was packaged as a wholesome sexy actress. I couldn't even wear a bikini because they saw it as *malaswa*. But now when I told them that I was going to appear again in FHM *medyo open na sila*.

Personally, I now feel more confident with my body. That's why I decided *na rin* to do this so I can show people what I have, *habang meron pa*. And after four years I guess a lot of people had been waiting for me to do this.

**You're a finalist in You Can Dance. Ever tried dancing in your lingerie?**

Ha ha ha! Not yet. Why not, I might try it, *para ma-experience ko na rin siya*.

**But if you do decide to try, could we come and watch? Please...**

Ha ha ha! Sure!

**How big a lingerie fan are you?**

I'm a huge Victoria's Secret fan. Actually, when I have friends or relatives who go to the States *talagang nagpapabili ako sa kanila*. I also follow the latest trends in lingerie, especially the latest styles of Victoria's Secret. And I also have different colored thongs and laced panties. I collect them *kasi* I match them

with every outfit I wear.

**Were any of them gifts?**

Ay, oo marami! My friends were the one who gave it me. Ha ha ha! *Sabay ganun ano?*

**So we assume it was given to you by someone special?**

Yes. I had an ex-boyfriend who liked a particular color of underwear for me to wear. He gave me a lot of lingerie in that specific color.

**How did you thank him?**

I kissed him. Ha ha ha!

**Did you ever consider trying it on in front of him?**

No. Ha ha ha! Not really. But I wore it a few days after he gave it to me and I showed it to him.

**What's the sexiest thing that you own?**

I have an all-white lingerie set. I like it because it looks clean and sexy. *At saka* it's pretty tight so it fits my body well.

**How about from the ones you wore for this shoot, which one**

**did you like?**

I like the pink one. The one that's like a swimsuit with a lace, I feel like I'm on the beach. I also like the brown top. I feel sexy wearing that one.

**Is that because you didn't have anything else covering your top?**

Yeah! Ha ha ha!

**Would you like your lingerie to be ripped apart or taken off slowly?**

Slowly and gently. Ha ha ha! *Para romantic naman*. I don't like it rough. I don't see the point of getting violent in bed. For me, *mas maganda* if my underwear is removed slowly, its more romantic. And you can feel that's its really lovemaking and not just lust. **FHM**

**Now that your sitcom *Bora* is history, what keeps you busy?**

I do segment hosting for *Sharon* and guest hosting for other shows like *MTV Get Hitched*, and *It's A Guy Thing* on Studio 23. I'm also co-producing a gag show for ABC-5. And of course, I'm busy maintaining my website, [www.jaymee.ph](http://www.jaymee.ph).

**Did you just say "a gag show"?**

Yes, it's just about to be aired. But I won't go further into details, I want it to be a surprise. *Basta* it's fun!

**You must be loads of fun, too!**

Ha ha! I'm a natural-born comedian. *Yung* hosting style *ko kasi* is funny with a sexy twist. That's why I envision doing celebrity shows, like what Brooke Burke does on *Wild on E!*.

**What's the best thing about lingerie?**

It makes me feel sexy. It's an aphrodisiac in a way. It lifts your mood even though no one sees it. I really love lingerie. I love shopping for it!

**Which body part would you proudly expose?**

My legs. I've been getting a lot of compliments about them since I was a kid. My mom really took care of them when I was young—she never made me do athletic stuff to keep my legs in perfect shape.

**And now that you're old enough to decide on your own, how do you take care of your gams?**

I run regularly. I shave them. And also I tan them. I think tanned legs look good, at least for me.

**You should also take care of your ears—we could hear**

**Queen playing loudly on your iPod before the shoot!**

Yes, ha ha! Music is my inspiration, before I start working on something I listen to songs to set the mood. Like for this one, I needed to feel like a bad girl so I listened to rock music. I also listen to sexy and seductive tunes like Britney Spears and Janet Jackson, but rock is my first love. It gives me an adrenaline rush. When I was a kid I listened to Queen, AC/DC, Metallica, Nirvana, Skid Row. I was exposed to these things because my brother would play rock songs when he drove me to school.

**How about before you start working on your man? What should be playing?**

It would be Toni Braxton's

"You're Making me High" and Janet Jackson's "Any Time Any Place." Those are my favorites. The first is about sexual tension toward the opposite sex. The second one is pure seduction—when you already have the guy and you tease him to death. It's perfect for strip teasing.

**How do you seduce a guy?**

It's all about eye contact, body language, and a few words here and there...

**Would you do it any time, any place?**

It all depends. If it's freaking Brad Pitt then yes!

You'll never see this R&B favorite way out of rhythm—whether she's singing or flirting with the guy she likes

**First, a little catching up.  
How's life?**

I've been doing gigs, lots of corporate shows. I travel a lot, too—that's one of my hobbies. When I'm not working, I'm just in a vacation somewhere, getting to see the country and the places in it. Also I'm learning a lot more about the music programs I have at home. I don't really go out very often, I'd rather stay at home, try new beats, or just play around with chords.

**So is this photo shoot worth your time out?**

I feel flattered to be part of this, although I have to admit it's a little scary. Even though it's pretty much the same thing as a two-piece bikini, the idea is a little bit out of my comfort zone. But sometimes you've got to try new things, right? It's just a step forward.

**Each one of your shoots is sexier than the last. Can we**

**expect total nakedness in your next pictorial?**

Ha ha! I seriously doubt it. Personally, I think this is a lot sexier than baring it all, when you leave just a little bit for your imagination. It's like receiving a gift for your birthday. You want it in a nice package, so you can open it up! It's a little more flirtatious, and for me flirting, the anticipation, is a lot more than just the visual aspect of things.

**If you were a set of lingerie, what would you be?**

I like the lacy kind of stuff. It's very sexy. It's like you think you can see it but you can't. It really tickles the mind. And I like a different cut, something out of the ordinary, but not too much. Subtle details that speak loud.

**And how would you want to be taken off?**

(Roars) Ha ha! I'm a big tease, I have to say. So if I were a

lingerie, I'd try to stay on for as long as I could and play peek-a-boo a lot. Timing is everything.

**How do you flirt with a guy?**

It depends on the chemistry that I have with him. I can be really sweet. By nature I smile a lot. But it depends on the reaction I get from the guy. It could be like we're picking on each other, trying to outsmart each other. I can be a real smart-ass, too.

**What gets you in the mood for writing?**

Either I listen to a lot of music and do mix and match out of different styles to create my own sound. Certain things can inspire me in so many ways but sometimes there's no particular reason. It just hits me in the face, and when that happens, I either grab the opportunity or go back to sleep.

**Have you tried writing a song about your FHM shoots?**

Wow! It would be interesting to implement that in a song. Actually the song that I sang at the FHM party was one of the last songs I wrote. It's FHM-inspired in a way because that song has a sexy feel to it: (Sings) *What you gonna do if I showed you everything tonight?* But it's not like I do it or say it out loud, it's just like a thing that plays in my mind. Ha ha!

**Finally, how will you spend the rest of the year?**

Log on to [www.aliyaparc.com](http://www.aliyaparc.com) for my regular gig scheds. Right now I'm saving up to buy some more equipment. If I get enough songs together I can compile an album. When it's ready, you'll be the first to know!

The voluptuous supermodel on thongs, simplicity, and grooving to slow jams

**How long have you been strutting?**

I've been modeling for almost nine years. I started at a really young age. I think I was around 16 when I did my first project, that was during Fashion Week.

**What have you been up to lately?**

Right now I still do modeling and we just opened an international modeling agency. We're handling foreign models, local models, artists, and events. I'm the one who's responsible for the local models. It's going to be fun.

**We're sure. So should we all tell men to convince their honeys**

**to get lingerie?**

Every woman should have lingerie in their closets, especially if they have partners. Whatever their size is, having some is a must because just wearing them will boost any woman's confidence. They'll feel sexy instantly. Oh, I just love wearing lingerie!

**Lingerie it is then!**

Well, whenever I sleep I don't wear anything. Ha ha ha!

**Now you're talking. So what's the sexiest item you own?**

I like my black-laced, see-through lingerie and I wear it with thongs. The less the better,

that's what I think.

**What's the last count?**

I have a lot and I've really lost count. My guy friends give me some. Whenever they ask me what I want for my birthday or for Christmas I ask for lingerie. I love it so much when a guy would take me out so I could shop for all the lingerie I want!

**We'd like to give you some.**

I'm 34-C and I'm a medium. Ha ha ha! Just don't give me the outrageous ones. I want them simple like plain black will do.

**What do you think is the effect of these undergarments on men?**

Men get hot whenever they see lingerie. But don't you even think I wear them in front of just anyone. Ha ha ha!

**Finally, what's your bed recommendation?**

The best combination for some loving is slow music with me wearing perfume and, of course, my sexy lingerie! I urge everyone to do the same!

The exotic ex-Viva Hot Babe on going solo, private shows, and shopping for lingerie

**You've been a bit off the radar—what gives?**

I took a break from working for the better part of last year, *siguro kasi dumating na rin ako sa point na* I wanted to have peace of mind. Now that I'm back, I've done a little bit of TV work here and there and some out-of-town shows also.

**You fly solo these days, but what do you miss most about the Viva Hot Babes?**

*Yung magkakasama lahat at nagtutulungan. Nung wala pang issues at problema. Nung everyone was just really happy. Yun yung pinakanami-miss ko. But now kasi parang may lamat na. Kasi ako mabilis akong mag-trust pero pag nawala na yun, mahirap nang maibalik.*

**We take it that you're very comfortable in lingerie. Which is your favorite among those**

**you wore for this shoot?**

Yeah I'm really comfortable wearing lingerie. I like *yung super low na parang shorts type. Yung black one, yun yung pinaka-favorite ko. Sporty siya pero in a way sexy pa rin ang dating.*

**Are you the type of girl who would be willing to pay the price of being uncomfortable just to look sexy?**

Sometimes I'm like that, *kahit nahihirapan na ako, basta it looks good on me tinitiiis ko na lang. When you get home naman you can change and no one can see you na. Ha ha!*

**Which would you choose to wear if you want to get jiggy with your man?**

Oh I don't know...

**Or would you rather be naked?**

*Ay, no! Wala nang thrill yun! Ha ha ha! Siguro lingerie nga lang.*

**Would you recommend lingerie as sleeping wear?**

*Mas maganda ata yung topless! (Laughs) Of course, nasa gusto mo yun.*

**Some would say that lingerie is one of the best gifts a man can give to his woman, do you agree?**

Yeah, it's definitely one of the best gifts a girl can receive.

**Can you give us some pointers on how to pick the perfect lingerie for our girlfriends/wives?**

It's hard to tell because *iba-iba ang shape ng body. Dapat alam ninyo yung body type ng girlfriend or wife niyo. Kasi ako naman when it comes to lingerie medyo choosy ako, ayoko nung mga sobrang tight kasi I feel na it doesn't look good anymore. To me, kapag mas relaxed ka sa lingerie mo mas sexy kang*

*tingnan. So dapat not too tight. Usually kasi akala ng ibang lalaki basta tight, mas sexy. Pero kung yung lingerie medyo maluwag nang kaunti, yung parang nakakahinga yung body mo, mas sexy yun para sa akin.*

**Have you ever been given one?**

Yeah, but I was the one who chose it, he just paid for it. Ha ha ha!

**And how did you thank the one who gave you lingerie?**

*(Laughs boisterously) I usually do parang my own fashion show for him...*

**A private fashion show?**

Yeah! A private fashion show! Ha ha ha!

She is standing with her hands on her hips, looking towards the camera. The alleyway is flanked by a red brick wall on the left and a dark building on the right. A window with a green frame and a textured glass pane is visible on the brick wall. A street lamp is visible in the upper right corner, casting a warm glow. The overall atmosphere is moody and intimate.

We got a feeling this always dependable *FHM* party host will do more than just talk in next year's 100 Sexiest Women in the World gig

**Great job hosting this year's *FHM* 100 Sexiest Women of the World Party!**

Thanks. You know what, hosting the party was easy. The whole night was like a buzz of anticipation because everyone who reads *FHM* looks forward to that particular party every year. They want to see the girls they voted for. Full support *talaga ang* crowd and they're all excited, which I really felt during the event.

**Do you see hosting as your calling? Heck, you could ramp with the sexiest of them girls if you wanted to...**

Well, I've been seriously hosting for the past four years. I do a wide range of shows—from mall tours for kids to corporate events where I have to be very serious and sedate, and also my favorite, parties. I love to host parties because they are so high-energy. *Nag-sashay naman ako kahit*

*paano* during our party. If I didn't, *baka lamunin lang ako ng crowd*. But we heard that you were a little hesitant to do this shoot.

I've always been more of a conservative type of girl, but this time I wanted to challenge myself. I wanted to do something different. I wanted to show there's a different side to me. But I'd have to admit *na* when I first saw the outfits, or the lack thereof, I was terrified. Ha ha ha! But in the end it was okay, you guys really helped me overcome that, and besides, *maganda naman yung kinalabasan*.

**Is this the sexiest you've ever been?**

In public, yes, but I've been sexier in private. Ha ha ha!

**Do you like wearing lingerie?**

Yes. It makes me feel sexy even if nobody else can see that I'm wearing one. It's like a little treat for yourself. I actually went out on a lingerie shopping spree a

couple of months back. I blew a considerable amount of money in, like, a morning.

**Wow. So if we were to look in your lingerie closet, what types would we see?**

First of all, you'll notice that my closet is very clean. Ha ha ha! I like laced panties, satin also, but usually I prefer something with laces. But I also like corsets. It holds everything together but there's a surprise hiding underneath.

**But wouldn't that be too difficult to take off?**

Well it adds to the excitement, doesn't it? The anticipation builds up. Ha ha ha!

**What's the sexiest thing you own?**

I have several but my favorite is this one that's like a boy shorts *na* completely laced with details on the legs. Very cute, very girly, but still very sexy. I also have thongs that have details in places that I

cannot divulge to you. Ha ha ha!

**This photo shoot has a kinky feel to it. Are you also kinky in bed?**

(Laughs) I know the answer to that but I'm not going to tell. Ha ha ha!

**That's okay. How would you like your lingerie to be taken off?**

It depends on the mood that I'm in. Sometimes I'd want it to be ripped off but sometimes you'd like a little bit of care, a kind of special attention given to you.

**Have lingerie ever been ripped off your body?**

Secret! Ha ha ha!

**Would you consider hosting wearing lingerie?**

I'd probably wear a sexy *kamison* or maybe a bra-type outfit but not entirely in lingerie.

Have sexy lingerie, will reconcile. This ambitious Viva Hot Babe has found a way to repair doomed relationships

**What did you particularly like about this shoot?**

I love the fact *na masaya siya katulad ng first shoot ko* for the mag. *Masaya kasi yung staff.* Ha ha!

**We're just glad to see you again! So how have you been?**

I'm currently shooting a movie with Keanna Reeves and Katrina Gonzalez. *May upcoming album din yung Hot Babes na lalabas this year.* When not *working, nasa bahay lang ako at nag-aalaga ng aso.* I have two Pomeranians. They're my babies!

**Were you ever close to Alyssa Alano?**

*Siya yung closest ko nung bago pa lang kami sa Hot Babes.* I haven't seen her in a while, until *lumabas nga yung sa TV.*

**You've seen her "Keys Me" video, then?**

Yes! *Para sa akin, she looked funny. Pero dahil dun sumikat siya, dumami yung guestings niya,* so I'm happy for her.

**Have you planned on pulling your own stunt, too, to make a name?**

*Gusto kong sumikat pero sana because of my talent, hindi dahil sa gimmick.* I don't want to force it.

**Let's hope this pinup girls-inspired photo shoot becomes a big hit! Do you have any idea of what happened in the '50s?**

No, but it reminds me of my grandmother. She was strict, she'd never let me go out of the house. And also, I remember the way she'd scrub my wounds with soap—*sobrang diin!* *Hindi kami close kasi may Spanish blood siya,* and I could barely understand her. *Basta* those are my fondest memories of her.

**Do you think grandma's going**

**to like these sizzling photos?**

*Ay, papatayin ako nun!* Even my other relatives don't know this, *kaya nga hindi ako uma-attend ng reunion. Pero gusto ko talaga yung ginagawa ko,* so I just explain it to them.

**Are you a big fan of lingerie?**

T-shirts and jeans *talaga ang hilig kong i-shopping.* But since I started buying lingerie for my show and pictorials, I've become addicted to them *at sa accessories. Nauubos yung pera ko* shopping for these things, ha ha!

**If you were a lingerie, what type would you be?**

Satin *na see-through, the lacey type. Sexy at irresistible tingnan.* I've actually used it once to lure an ex-boyfriend back. I invited him to my house, *tapos pagdating niya sa bahay, nakalingerie na ako, sabay sabi ng,*

"Hi, honey..." Ha ha! Up until now *kami pa rin.*

**How do you want to be undressed?**

*Dahan-dahan, mahal yung lingerie! Taas muna pababa para may element of surprise. Marami pati akong kiliti, sa stomach, sa legs, at marami pang iba.*

**Before we end this, who loves better: men or dogs?**

Dogs! *Kasi yung boyfriend ko yun din pipiliin. Nauubos din yung pera niya sa kakabili ng aso.* Ha ha!

**So you like being taken from behind?**

No, *masakit yun!* I still prefer the missionary.

This former Girls Next Door finalist is cooking up a steamy private show for her man soon. Congrats, you very very lucky brother!

## How did you find the shoot?

Grabe, nakakapagod at masakit sa balakang, pero enjoy naman!

## Feel anything different from our last shoot?

Mas sexy yung pictorial ngayon compared sa Girls Next Door. Kasi dati naka-two-piece lang ako. Ngayon mas daring, pero mas classy ang dating ng shoot ngayon.

## So what keeps you busy now?

I'm actually into modeling and events, nahinto kasi ako sa studies ko. Sa bahay naman I watch TV and surf the net pero hindi mo talaga ako mapapatigil sa bahay. Labas kami nang labas ng friends ko, usually to go bar-hopping.

## Do people recognize you now?

Kami yung unang napapansin kasi matatangkad kami sa barkada dahil panay models kami.

## Any boys lurking around?

Minsan may nag-aalok ng drinks or ride. Sometimes, I take the drinks a guy offers, sometimes naman hindi. It all depends on the guy. Pero pag nag-offer ng ride, hindi ko siya pinapansin. I just tell them that I'm waiting for someone.

## Do you dance with strangers?

No. Nakikipagsayaw lang ako sa boyfriend ko, who can be strict sometimes. Kasi bago pa kami.

## But he thinks it's okay for you to pose for FHM again, right?

He was actually shocked when he had first seen my GND pictorial before. Medyo nakabukaka nang kaunti ako roon. So I asked him, "Paano yung lingerie shoot ko for FHM?" He really wanted to come and watch the shoot. Kaya lang di ako pumayag kasi ayokong mailang. Ayun, napapayag ko na rin siya basta walang masyadong nudity.

## Any special favors that you need to do after this photoshoot?

Meron, pero pa-planuhin ko pa kung ano.

## What if he gets here with lingerie for you and asked for a private show, would you do it?

Of course! I've done ramp modeling wearing lingerie so it should be very easy. Actually, matagal na niyang request sa akin yun. I have yet to try it, though. If ever, siguro magfa-fashion show ako sa kanya in bed.

## And what type of lingerie would you wear?

Actually gusto ko medyo dark, push-up, and kita ang abs ko. Doon niya kasi ako gustong halikan. Siyempre sexy undies pero ayaw niya ng T-back. Siguro yung V-cut na panties or stringed.

## How would you like him to undress you?

Kailangan titigan niya muna lahat, at kailangan isa-isa lang ang tanggal. Upper part muna bago lower...then that's it!

## You want it slow or rough?

Sometimes slow but not always. Depende talaga. Pakiramdaman lang yan.

## What's the naughtiest thing you've ever done.

Yung ina-ask ko yung position na gusto niya. I mean, the way I asked it. But, again, lahat naman ito depende sa performance. Mababasa mo naman yun.

## Any advice on how to be good at it?

# Victoria Silvstedt

Of all *FHM*'s international cover stars, none are more voluptuous than the heavenly Victoria Silvstedt. Or, we discover, as deliciously rude...

**You Swedes love a good sauna—any saucy stories there?**

No sex, but I've had naked sauna parties with all my friends. We'd sit in there and drink beer, then run out and roll in the snow once we were too hot. But I'd imagine you'd pass out fairly quickly if you tried to have sex in one.

**Any good stories from your skiing days?**

I was at ski camp in Austria once and this guy who was crazy over me was following me around. He was knocking on my hotel door and I refused to open it, so he climbed up the building to the balcony and broke into my room and we did it there. We got the nicknames Romeo and Juliet for that.

**Sweet Lord!**

Another time I had sex in a taxi in New York. It was my first time

there and we were stuck in traffic in Times Square and it was a real thrill to be doing it amongst all those people and tall buildings. I don't think the taxi driver could see much because he was wearing a turban, but we weren't doing it for that long. It was certainly interesting. I've also had sex on a plane but I can't give you the details about that.

**Surely you can tell *FHM*?**

No, I'm sorry, but I can tell you it was a pleasure.

**You appeared in a UK TV show called *Celebrity Wrestling* last year, but some WWE lady wrestlers once told us that it's dangerous to wrestle with fake knockers. What's your experience of that?**

I went through hell doing that! It was like torture to my body—I felt like I was in the military.

But my boobs gave me a safe landing, like airbags. Then I twisted my knee and had to pull out. It was brutal, really.

**You've ruined it for us!**

Well, I'd imagine if it was mud wrestling it would be different. I'll try that next time.

**Who would you go up against?**

Angelina Jolie. She would probably beat me up but I like a challenge and she's very sexy.

**What does the rest of the year hold in store?**

Right now I'm working on my own brand of sexy lingerie, which hopefully will be available soon.

**Can you describe your favorite sexy duds?**

I like cute little thongs with stockings and a push-up bra. Lingerie is an aphrodisiac, but there's nothing better than being naked.

**Do you like other ladies in lingerie?**

I think women are beautiful, but I'm much more into guys. I think most people experience a threesome once in their life, whether it's with two girls, or a girl and another guy. A threesome could happen with a toy as well. I guess I qualify for all of those.

**How do you know if another girl is into the idea of a threesome?**

I know when a girl is willing to have a threesome. We pick up on the same vibe.

**We will. Finally, what question were you most dreading us asking?**

You have asked them all. We've had my first time, jet skis, airplanes, après-ski, and taxis. I'm not scared of you guys asking me anything anymore.
